

PORTABOOM®

ALL TERRAIN WHEELS

Enhance the mobility of PORTABOOM® over rugged terrain.

Features of the PORTABOOM® All Terrain Wheels

- Replaces the existing PORTABOOM® wheels with larger Pneumatic wheels making the PORTABOOM® unit easy to manoeuvre on rough surfaces.
- Ideal when using PORTABOOM® on mine sites, unsealed roads and uneven, rocky surfaces on construction sites.
- Made from heavy duty pneumatic rubber making them durable to withstand tough terrain.

The PORTABOOM® All Terrain Wheels make pushing PORTABOOM® units around worksites with rugged terrain easy.
