Aldridge Traffic Systems Pty Ltd Guarantees and Warranties

Aldridge Traffic Systems Pty Ltd is a leading manufacturer of solar powered portable traffic equipment and enhanced road signs, suppliers to the industry including councils, road authorities, and construction and hire companies. Our products are easy to use and tested under all conditions. We are a proud Australian company with local manufacturing.

What you must do to obtain Warranty Service

Aldridge Traffic Systems products, parts or equipment requiring warranty service must be taken to a Aldridge Traffic Systems service centre or authorised service agent. This is what we term 'back to base warranty'. Go to the 'contact us' page at www.itsau.com.au to find your nearest Aldridge Traffic Systems service centre or authorised service agent. Present your purchase invoice / receipt and Aldridge Traffic Systems will conduct or arrange an inspection by an authorised service centre or service agent. In the case where an inspection reveals no warranty eligible defect, Aldridge Traffic Systems reserves the right to charge you for the inspection. Aldridge Traffic Systems also reserves the right to charge you for parts, labour and ancillary cost associated with rectification work, if the fault is not as a result of a manufacturing defect. You will be notified if your product is found to be ineligible for warranty repair.

What is covered?

The warranty covers all defects in materials or workmanship for the duration of the product warranty and is in addition to the protection conferred by law. We will pay all labour and material costs for items covered under this warranty, provided the repairs are carried out with our approval by an Aldridge Traffic Systems service centre or authorised service agent. Aldridge Traffic Systems will, at its option, repair or replace the product covered by this warranty which becomes defective, malfunctions or otherwise fails to conform within this warranty, under normal use and service during the term of this warranty, without charge for labour or materials. Go to the 'warranty' page at www.itsau.com.au for company warranty statement(s).

What is not covered?

However, our warranty excludes the follow:

- Failure due to product not used in accordance with instructions contained in the 'Operations and Maintenance' manual or 'Users-Manual'.
- Failure or damage due to operation outside of product specifications.
- Damaged caused by fluctuations in the electrical current when operating on or recharging from mains power.
- Damage resulting from repairs, or attempt to repair, by someone other than Aldridge Traffic Systems service centre or authorised Aldridge Traffic Systems service agent.
- Damaged caused by traffic accident, negligence, misuse, vandalism or improper operation.
- Any product where the serial number has been altered, defaced, modified or removed.
- The replacement of parts necessitated by normal wear and tear, and any periodic maintenance.
- Damage or loss of product during shipments
- Trailer tyres are EXCLUDED from any warranty offer by Aldridge Traffic Systems
- When modifications are made to product, i.e. arc-welding
- Freight and courier charges
